

Econ 2250: Stats for Econ

Fall 2022

What we will do today

- Something that we discussed last time?
- Review colab's basics, discuss homework
- Discuss question from last time
- Deep dive into python colab

Review

What are the three things that economists are looking for in statistical analysis?

Discuss question from last time

- How to record
 - Video recording (check out loom)
<https://www.loom.com/education>
- Python basics
 - Let's work through [examples](#)
 - Try the homework, reach out with any questions
- Discrete examples
 - We will discuss this more on Wednesday

Exercise

Does everyone feel that they have at very least the tools needed for the homework?

End of class form
